2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Jersey Avenue Elementary School, located in the beautiful city of Santa Fe Springs, California, is a California Distinguished School serving students TK - 5th grade. Jersey was most recently named a California Distinguished School in 2018 and had previously earned this award in 2010. Jersey earned the Model Professional Learning Community at Work award in 2017 and has also been named a Title I Academic Achievement School four times since 2009. Additionally, the California Business for Education Excellence (CBEE) Honor Roll has been awarded to Jersey Avenue twelve of the past thirteen years (2007, 2008, 2009, 2010, 2011, 2013, 2014, 2015, 2016, 2017, 2018, and 2019). Jersey was also named a California Gold Ribbon School in 2016. More recently, Jersey has received the Silver PBIS Implementation Award the last three school years (2020-2021, 2021-

2024-25 School Description and Mission Statement

2022, and 2022-2023). These recognitions are significant indicators of the hard work and dedication of the teachers, staff, parent volunteers, as well as all of our community partners. While these state recognitions are outstanding, the most meaningful recognitions come from the parents and students that attend Jersey. Last school year, when surveyed about their satisfaction with Jersey Avenue Elementary School, parents responded with a resounding 98% satisfaction rate. Last year, our 5th grade students took the Healthy Kids Survey which demonstrated that 95% of our 5th graders felt safe at school and 85% stated that felt connected to the school. These results are an outward expression of the inner drive and dedication of the teachers, staff, and parent volunteers that serve the students at Jersey Avenue Elementary School.

With a primary focus on student achievement, Jersey Avenue Elementary School offers multiple programs to support student learning. These programs include core instruction following the new California State Standards. Jersey Avenue also offers the Arts for All program which includes lessons in art, health, and physical education. Further, Jersey Avenue Elementary School is home to the Boys and Girls Club before and after-school program. These programs offer a no-cost option for students to extend the educational program before and after their instructional school day.

In addition to all this, Jersey Avenue has made a concerted effort to increase student use of technology in every classroom. To support the use of technology, Jersey offers every student, TK-5, with online access to outstanding adaptive learning programs such as Reading A-Z®, Raz-Kids®, Lexia, and ST Math among various other online platforms. These resources are available to students while at school as well as through any Internet-connected phone, tablet, or computer to extend learning beyond the walls of the classroom. These highly engaging programs are made available through the funds that Jersey receives through the Local Control Accountability Plan (LCAP). In addition, all students in TK-5th grade have a Chromebook available to them in the classroom and all 4th-5th graders are expected to take their Chromebooks home on a daily basis.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

We choose our textbooks from lists that have already been approved by state education officials. For a list of some of the textbooks we use at our school, see the Data Almanac that accompanies this report.

We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This online report shows whether we had a textbook for each student in each core course during the 2013–2014 school year and whether those textbooks covered the California Content Standards.

School Facility Conditions and Planned Improvements

Jersey Elementary has 24 regular classrooms, 2 portable classrooms, a multipurpose room, a library, 2 outdoor eating areas, and an administration building. Our custodians ensure that all classrooms and restrooms are cleaned on a frequent basis. They also keep our campus litter-free.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to making those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	39	42	38	41	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

At Jersey, all parents are highly encouraged to get involved! Our 3-tier approach to parent involvement ensures that parents are involved at all levels at our school. Tier one includes all of our parent-teacher conferences, assemblies, meetings, events, and promotions. The second tier consists of functions that support student success such as our room parents, coffee club, and other volunteer opportunities. The final tier includes parent leadership at Jersey. This includes our Parent Teacher Organization (PTO), School Site Council (SSC), and our English Learner Advisory Committee (ELAC), when applicable. All parents are highly encouraged to get involved at all three levels! As always, the principal's open-door policy ensures that all parents feel welcomed.

In addition to leadership and volunteer opportunities, the Local Control Accountability Plan (LCAP) funds opportunities and supports for parents to volunteer on campus. LCAP 28 specifically funds a Family Math Day, Science Day, in addition to any parent training. This allows parents to deepen involvement and leadership within the school. Parents are offered various trainings provided by our district TOSA's, classroom teachers, school counselor, and principal. Topics may include mental health awareness, social-emotional skills development, and academic support for home. LCAP funds also supports parents by providing resources to support their child at home.

Most importantly, parents know they are an integral part of student success at Jersey Avenue Elementary School. Ninety-five percent (95%) of parents feel that school-parent communication, as well as information regarding student progress, is excellent. Methods of communication include monthly school calendars, weekly parent square emails, flyers, and social media posts (Facebook, Instagram, and Twitter). All teachers have a preferred method of communication with parents (ex: Class Dojo, Parent Square, email, etc.).

2024-25 School Safety Plan

Every morning, the principal, and/or a noon supervisor are in front of the school in the drop off area ensuring students get into campus safely and that the traffic keeps flowing. Students report to their corresponding area in the morning (TK/K in MPR, 1st-2nd to primary playground, and 3rd-5th to upper grade playground). All students are supervised by a teacher and/or noon

supervisor each morning until 8:10 am. One additional SSA or staff is assigned to supervise bus riders as they exit and enter the bus. Additionally, there are five Student Supervision Assistants that provide supervision throughout the day including Second Chance Breakfast, lunches, and lunch recess. Jersey is a closed campus and visitors, including parents and district employees, must sign in at the office and wear a visitor's pass.

Jersey's Comprehensive School Safety Plan is revised annually with the most recent review date of December 6, 2023. The plan includes procedures for emergencies and is shared with staff. In addition, we have emergency monthly drills throughout the year. The School Safety Plan also includes the school-wide positive behavior matrix outlining the school's Positive Behavior Interventions and Supports (PBIS) behavioral expectations which reinforce safety, ownership, achievement and respect with all staff and students.

Jersey Avenue is a very safe school and parents agree. When surveyed about the effectiveness of our school-wide discipline policies, 91% of parents agree that the policies are effective. Furthermore, 95% of parents agree that Jersey Avenue Elementary School provides a safe environment for students.

Fiscal Year 2023-24 Types of Services Funded

The Little Lake City School District provides additional services for students using federal funds (Title I, Title III, Title IV) and LCAP funds. Title I funds are primarily used to support all students using a Response to Intervention (RtI) model. At the elementary sites, Interventionists are funded to provide differentiated instruction to meet the needs of all learners within the RtI model in ELA and mathematics during the school day. At the middle schools, Interventionists monitor student academic progress and determine placement for intervention based on student needs. Title I funds are also used to support parent involvement at both the site and district level. Title III is used to provide supplemental services to all English Learners including additional tutoring beyond the school day, and professional development for EL Coordinators. Title IV funds provide students with a well-rounded education and supports using phenomena in NGSS-designed lessons through the creation of NGSS kits. In addition, these funds support safe and healthy students through the implementation of a social emotional learning program, Second Step, which is a proactive approach to building essential social and behavioral skills.

Funds are also given directly to sites to supplement services for English learners, low income students, and homeless/foster students. Some specific site actions and services include LCAP 2 for supplemental materials to support student learning, LCAP 7 for site based training and professional development for staff, LCAP 28 for site specific parent engagement

Professional Development

Jersey teachers have multiple opportunities for professional development (PD) throughout the school year. Teachers participate in three district-wide professional development days. During these days, teachers receive grade-specific training. Jersey, in alignment with the district, will continue to have a Math Focus in partnership with the UCLA Math Curtis Center. At the school site, teachers will also participate in targeted, purposeful, and ongoing site-based professional development during the school year (including, but not limited to Math, ELA, NGSS, and PBIS) and will include the site and district TOSA's as needed. Teachers, along with the administration, will participate in vertical articulation in ELA and Math across all grades led by our site and/or district TOSA's. The Student Achievement Leadership Team (SALT) will also meet several times throughout the school year and continue ongoing professional development in alignment with Innovate Ed. Teachers will receive additional training and support as needed in any area identified by the grade level, teachers, or principal.

The focus for 2024-2025 District Professional Development Days are as follows: PD Day 1 (8/30/24) will be site based and facilitated by the principal in collaboration with the teachers to focus on student academic achievement and student success. PD Day Day 2 (11/1/24) will be teacher planned and led by grade level. Each grade level is expected to submit an Agenda and PD Plan prior. PD Day 3 (1/31/25) will be facilitated by the UCLA Math Curtis Center for all teachers. Site specific professional development will include additional collaboration with our SALT Teams, during Innovative Learning Collaborative (ILC) sessions, during Inquiry Cycles, and Learning Rounds. Teachers will continue working on the site SALT goals and will continue to build capacity through our SALT Team. Additional professional development will be offered on District Wednesdays on topics aligned with our SALT Goals. District Wednesday topics will include vertical articulation across grade levels in both English Language Arts and Math, PBIS PD facilitated by the PBIS Coach, and Social-Emotional Learning PD facilitated by the school counselor and district support staff. The site TOSA will also provide PD to the interventionists and to teachers on an as-needed basis. All new teachers will receive ongoing professional development throughout the year and support by our district and site TOSA's. All new teachers will also participate in coaching cycles with the district's TOSA's.

LCAP 7 will be utilized to fund ongoing professional development, both on and off site, and to fund substitutes to allow teachers to participate in ongoing professional development as described above. In addition, LCAP 7 will support ongoing professional development with our SALT site team and for all teachers throughout the year specifically to support the Learning Round process and implementation. All teachers will participate in at least one (1) Learning Round during the school year. Teachers will also be provided with planning days, as needed, and as determined by the next steps during ILC and/or Learning Rounds.
